

Day and Evening Classes Offered

The Marine Training Institute is accredited by The Nautical Institute in London for its standard of excellence in the training of maritime personnel in principles and practices of operating a DP system in a working environment.

Hands-On Instruction

THE MARINE TRAINING INSTITUTE

4228 W. Main Street
Gray, LA 70359

Educating and Challenging Tomorrow's Mariners

MASTER YOUR
VESSEL WITH
WORLD-CLASS
TRAINING

www.BeierIS.com

At the Marine Training Institute, mariners master the operation of vessel technology using computerized simulators that allow students to apply real-world skills to the real-world challenges of the marine environment.

South Louisiana Campus
4228 West Main Street, Gray, LA

UNITED STATES COAST GUARD

- **ECDIS Five-day Certification (TMTINS-149)**

This course is a 40-hour course on the operational use of ECDIS that meets the demonstrated competencies to maintain safe navigation using ECDIS as required in Table A-II/1 of the STCW Code along with the use of ECDIS and associated navigation positioning systems as required in Table A-II/2 of the STCW.

- **Radar Recertification one-day (TMTINS-409)**

Our one-day Radar Recertification course is a USCG approved course. This course will satisfy the training requirements of the 46 CFR 11.480(f) for mariners to maintain their radar endorsement every five years.

- **DP Maintenance Course**

This multi-day course teaches the operators and engineers how to trouble shoot problems associated with DP and its control system. This course pays for itself in reduced numbers of service jobs.

- **Leadership and Managerial Skills (TMTINS-751)**

Our Leadership and Managerial Skill course is an USCG approved course. Any applicant who successfully completes the Leadership and Managerial

Leadership and Managerial Skills (continued)

Skills (MIDATL-751) course will satisfy the Leadership and Managerial Skills training requirements.

NAUTICAL INSTITUTE
